

KEY FACTS

REGULAR BUSINESS COMPANIES

A REGULAR BUSINESS COMPANY (RBC), WHICH IS SOMETIMES REFERRED TO AS A DOMESTIC COMPANY, IS CREATED UNDER THE COMPANIES ACT CAP. 308 AND MAY UTILISE ALL BENEFITS PROVIDED FOR UNDER BARBADOS' EXTENSIVE NETWORK OF DOUBLE TAX AGREEMENTS.

Effective 31 December 2018, the International Business Companies (IBC) regime was discontinued in Barbados and any IBC that was not grandfathered in became an RBC by operation of law. However, entities that earned 100% of their income as foreign currency were able to receive a Foreign Currency Permit (FCP) to garner the same types of benefits and exchange control exemptions as were previously attributable to IBCs.

The use of an RBC can therefore also be an effective vehicle for international planning as it has no business restrictions.

KEY FEATURES OF THE RBC

- > There are now lower tax rates for RBCs, which were previously taxed at 25%. With effect from 1 January 2024, an RBC is now taxed at 9%.
- > An RBC can freely apply all provisions of a double taxation agreement.
- > An RBC is taxed on its worldwide income but is eligible for a tax credit in respect of foreign taxes paid abroad, which has the effect of potentially reducing the tax payable to less than 1% of taxable income.
- > An RBC can conduct business with residents of Barbados.
- > There are no minimum capital requirements.
- > Capital gains are not subject to tax.
- > The approval of the Central Bank of Barbados is required for the issue or transfer of shares in an RBC to a non-resident shareholder, unless the RBC holds an FCP.
- > Payment for shares issued by an RBC to a non-resident shareholder must be received in Barbados and registered with the Central Bank of Barbados, unless the RBC holds an FCP, in which case, payment for the shares can be deposited in a bank account located outside of Barbados.
